

This week we finish 1 and 2 Timothy, Titus, Philemon, and start Hebrews!

Hey reading community,

We have just over a month before we will close the book of Revelation, successfully reading through the entire Bible in a year! Congratulate yourself; this is an amazing accomplishment. This week we read through the rest of Paul's letters. Nearly all of the letters were written to early church fathers who Paul mentored and commissioned to lead churches he founded throughout his missionary journeys.

To help us understand one of these personal correspondences between Paul and an early church leader, we are joined by contributing writer Whitney Woollard. Whitney is a writer, speaker, Bible teacher, and former graduate student of Tim's at Western Seminary. She holds her M.A. in Biblical and Theological Studies.
